Accreditation Steering Committee

The Accreditation Steering Committee (ASC), consisting of the Leadership Team, work group chairs, and classified staff, is charged with oversight of the development, review, and finalization of the Self-Study Report. The work groups are charged with writing specific sections of the Self-Study Report and, as ad hoc groups of the ASC, will reflect overlapping membership. The ASC began meeting in fall 2014 with work group efforts beginning in spring 2015. Meetings continued regularly throughout the writing process and the ASC remained active in preparation for the WASC visit.
